TAKE A SHOT FOR MARINE REGENERATION!

Photo Collaboration for Sa Dragonera's Marine Protected Area

July 22 - September 13

Take your favourite picture of the MPA Sa Dragonera this summer and make it part of the big collage.

The collage will be composed by the local artist Emma Glinski and will be displayed at a public exhibition in Andratx, in October.

Your photo will also feature in the MPA's species database, showcasing Sa Dragonera's richness and diversity.

The first 50 participants, who are registered residents from the Andratx Municipality will be invited for a half-day cruise on the **Falcao Uno**, in October. All other participants will receive an acknowledgement from the company **Paralenz**.
